

FINANCIAL POLICY

Payment in full is required at the time of service. We will bill dental insurance as a courtesy to you. **However, it must be clearly understood that the “contract” is between the patient and the insurance company.** We require the **estimated** patient portion the day of appointment. We will do our best to give you a **rough estimate** of your investment in your dental health for each upcoming visit, based on your individual treatment plan. You will be given a very close estimate of your next visit total bill. With a proper diagnosis and timely treatment plan, most estimates we provide are accurate. Our office does **NOT** guarantee that the patient’s insurance company will pay and will perform our routine insurance billing procedures upon verification of coverage. However, if for some reason the patient’s insurance claim is denied, the patient is then responsible for the full amount of the bill. There is a \$40 fee on all returned checks **We accept cash, checks, most major credit cards, & health savings accounts.**
